

Healing Touch Level 1 Foundational Discovery

Use Healing Touch to Support Natural Healing for Body, Mind & Spirit

Healing Touch is a **safe and effective** energy healing therapy that **anyone can do**. In this live experiential class, you will learn to use heart-centered intention and your hands to facilitate **clearing and balancing the human energy system**. You will leave the class with the skills you need to use Healing Touch for your own healing and self-care, and also with family and friends.

Since 1989, Healing Touch Program has been teaching nurses and people from all walks of life to use Healing Touch. Our **standardized curriculum** taught by our Certified Instructors fosters personal and professional growth using demonstration, practice exchanges, lecture and interactive discussion. The 180-page **step-by-step notebook** illustrates each healing technique and helps you understand the fundamental concepts and principles of Healing Touch.

You will learn:

- 12 energy healing techniques you can use immediately to **relieve pain and calm emotions** in yourself and others
- Heightened **awareness of subtle energy** and the human energy anatomy, and how it is connected to mind, body and spirit
- Knowledge of how to **assess and evaluate the seven chakras and energy fields**
